Sir,

I am Shri. Navanath Raghoba Naik Goukcar s/o Dessaiwadg Agonda hereby give you certain comments regarding "Sustainable Development Participatory Planning Workshop" held on 4th Jan. 2010 to 8th Jan. 2011.

I try to give ^{you} some comments as follows:

- 1) I am so appreciate regarding the workshop organised by Agonda Village Panchayat, firstly.
- 2) I hope that our villagers will try to ~~also~~ get benefit from such work shop which gave us marvalous knowledge, guidance and which are essential things are required for our village.
- 3) From such a programme we should able to see

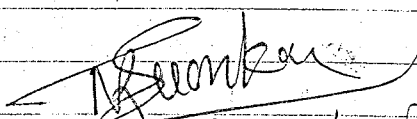

P.T.O.

Further challenges in our village in future.

4) Whatever topics discussed in the work shop like water preservation and water waste management, Farm land conservation and cultivation, Food processing, Residential and coastal area - Solid ~~as well as~~ Waste and design Guidelines etc. are more impressively discussed, according to my knowledge.

⑤ Lastly I hope that Agonda village panchayat will go further with taking full co-operation with villagers, so work shop programme will be most effective & help for further positive development of villagers.

Thank you,

(Navarath R. Ganban)

First of all I was glad to have such an opportunity to be with you all, I learnt a lot from this workshop how our Agenda should be in 2030. (Vision) And how we can make it to be, with your good guidelines. ~~What~~ I have achieved in this four days, I have done it for the betterment of my Village, to preserve our ^{Village} identity for our future generation.

I really enjoyed being with the psalt Institute and the Goa College Architecture, I wish you all a ~~bright~~ bright Career in future, Thank you one, ^{and} all.

Comments: Joseph P. Fernandes.

First of all, the workshop had been a very good experience of which we gained a lot of knowledge regarding, Tourism, Economic Development, waste management, and Community, the problem on the whole.

I learned a lot of things which we were not even aware of.

I must be really thankful for the people who have conducted the workshop, especially the members of the Pre to Institute, Council for Social Justice & Peace, and you College of Architecture, for their perseverance and kindness.

Thank you.

Agenda - Betul Road,
Caracena, Iloilo,
8th Jan 2010.

The Work Shop organised by Village Panchayat of Agonda in collaboration with Council of Social Justice and Peace, Pratt Institute, Graduate Centre for Planning and Environment, New York & Goa College of Architecture.
From - 4th Jan. 2010 to 10th Jan. 2010.

I submit my comments/suggestion as below.

1. That the Participation of GCA student was found to be very good and appreciable. Their skills of explaining the object to the participant of workshop was also excellent.
2. The work shop was very useful, by which, we can plan village development.
3. That we can ~~make~~ ^{be} self sufficient in Agricultural Productivity.
4. Overall the work shop was very useful to every person of Agonda village if we planed properly.

I am Sebastiao Caetano Fernandes
has stated, the workshop of progress was
accepted in different ways regarding
all issue we have discuss. 4th to 8th 2010.

The participatory planning?

As per my knowledge every explanation
regarding our village planning it is
not happening in Agonda so,

So I thank you all Pratt-
Institute to come Agonda from U.S
to help us and planning was superb.

Thank you again and
safe Journey to U.S. and all the best.

Sir:-

my feelings about this workshop
is:-

(a) It is very good and profitable
to our village ^{to do} Sustainable development

(b) I like very much this workshop
and I learn many things from team
which came from New York PARTI
team as GOA TEAM and we can
follow your's teaching and do better
for our village Agonda and I wish
such kinds of workshop to conduct
all over Goa to make awareness to people of
Goa

Thanks

1) I got more knowlge, Ideas
understanding the goal of Improving
our village, and development work
of our village and also friendship ^{love} ~~of love~~
with "prati" and Architeture
Students it was A specific of
reasonable workshop. they have given
us good guidelines in all the work we
did I thank them all.

Comments

1) In participating in the workshop I got knowledge about how to involve in developing the village. It will be helpful if such workshops are held once in six months so that the villagers who could be participated in larger scale -
- knowing the development activities of the village

2) The recommendations / suggestions are to be implemented by the agencies. Such implementation are to be discussed in the next workshop

DURING SUSTAINABLE DEVELOPMENT
PARTICIPATORY PLANNING WORKSHOP
4/01/2010 to 8/01/2010

I AM BEING ONE OF THE PARTICIPANT
IT IS LEARNED THAT NOW THE STUDENTS FROM
PROFESSIONAL COLLEGES CAN BE A GOOD
RESOURCE PERSON.

WHEN PRATT INSTITUTE OF NEW YORK
STUDENT WERE PUTTING CERTAIN POINTS IN
ENGLISH REGARDING OUR FUTURE PLANNING
THAT TIME ARCHITECTURE STUDENTS OF
GCA WERE EXPLAINING THE SAME IN VERY
GOOD MANNER IN SOPHISTICATED KONKANI
LANGUAGE WITH INTERPRETATION THEY
WERE EXPLAINING EVERY POINT IN SUCH
A WAY THAT THEY WERE NOT SEEN
~~TO~~ LIKE STUDENTS BUT THEIR PRESENTATION
WAS JUST LIKE MATURED PROFESSIONAL
TEACHERS. SO BY LISTENING THEM OUR
MINDS PREPARED US TO DESIGN VILLAGE PLAN
WITH A VISION TO CREATE A SAFE AND
CONTEXTUAL DISTRICT BY ENSURING THAT
THERE WERE NO ENVIRONMENTAL IMPACTS
AS A RESULT OF NEW DEVELOPMENT. AND
TO DESIGN AND INTEGRATE SUSTAINABLE
DEVELOPMENT RELATING OUR LIFESTYLE,
OCCUPATION OF PEOPLE AND CHARACTER OF
VILLAGE TO PRESERVE CULTURE AND
TRADITIONS.

TO KEEP OUR PLANNED VILLAGE AS AN
IDEAL IDEAL EXAMPLE BEFORE THE
OTHER VILLAGES.

I AM VERY MUCH THANKED TO ALL THE
PARTICIPANT STUDENTS AND STAFF OF

ARCHITECTURE COLLEGE AND WE EXPECT
FUTURE CO-OPERATION AND ASSISTANCE
TO DESIGN OUR REGIONAL PLAN.

मला माझ्या मनाच्या चक्री

पहाण्याची संधी लाभली

पुढच्या माझ्या आगोदा गावचा

ते शिक्षक असल्याचा भास होत होता

आणि त्यांच्या विचारांचे रसपान करताना

आम्ही विद्यार्थी आल्याचे जाणवत होत

आम्हाला ह्या विद्यार्थ्यांच्या सहवासात

चार दिवसांच्या कर्मशाकतून

आम्हाला लाभले भरपूर ज्ञान

त्यातूनच घेतले गावचा नकाशा
